When you spend 30 years going to school, you’re bound to become an expert at something.

Since 1989, New York school districts and BOCES have been NYSIR’s only customers. So it’s not much of a stretch to say we’re about as expert as you can get at knowing how they operate and what they need. Which explains our reputation for expansive coverages, exceptional claims service, top-notch risk management and stable pricing.

It’s NYSIR’s 30th anniversary.

Join 356 districts and BOCES in the celebration... and the advantage.

Leadership - Innovation - Commitment

Remove the Obstacles to Learning

Success Starts with Breakfast After the Bell, a proven program aligned with ESSA!

New York’s Every Student Succeeds Act (ESSA) encourages districts to adopt a Whole Child model in recognition that hunger can lead to poor performance. The Breakfast After the Bell program ensures access for all by offering breakfast after the official start to the school day.

When students start with the nutrition they need, we see:
- Higher test scores and graduation rates
- Improved attendance
- Cleaner classrooms
- More attentive students
- Fewer nurse visits and behavior problems

Breakfast After the Bell works...
Believe to help them achieve!

Turner Construction Company provides building services to clients who value diligence, resourcefulness and creativity in a partner. We maintain a network of offices in North America and around the globe, with a staff of 5,200 employees who work on more than 1,200 projects each year. With $14 billion in annual construction volume, we rank first or second in the industry’s major market segments.

As a North America-based, international company, we are able to offer clients the accessibility and support of a local firm with the stability and resources of a multi-national organization.

Ask us how Turner Logistics and Green Buildings can shape your future!

EveryDay Labs partners with school districts to reduce absenteeism by delivering Absence Reports to parents and guardians. Our intervention uses behavioral insights to empower parents and guardians with actionable information about their child’s absences. First developed and tested by Harvard’s Student Social Support R&D Lab, our program is easy to implement, scalable, cost effective, and has been proven to reduce the number of days students miss school. The intervention is delivered by EveryDay Labs directly to parents and guardians so that it does not burden teachers or principals with additional demands on their time.

Three randomized experiments with 58,000 students in 12 districts of varying sizes demonstrate Absence Reports consistently reduce chronic absenteeism by 10-15%.

For more than a century, Welliver has earned the confidence of clients by providing construction management, pre-construction, general construction, and design/build services that meet the highest standards of quality. Our legacy is commitment to our people, buildings that will continue to stand for decades, and integrity of the company. Our work speaks for itself, not just in the final product you see on a school campus, business office, recreation building, academic classroom, or athletic field, but in the planning, the process, and the craftsmanship that are displayed throughout your project.

Welliver is a fifth generation, family owned company, supported by a team of construction professionals, project managers, and subcontractors who bring world-class expertise, safety, leadership, and accountability to every project. We are highly collaborative—true partners who will work with you to successfully plan, set expectations, and achieve milestones at every step of the process.
