

2022-2023

The Future Superintendents Academy

Program Overview & On-line Instructions

The Future Superintendents Academy requires a year-long commitment, beginning in August 2022 and concluding in May 2023. Participants are required to attend a summer institute and eight weekend sessions throughout the year. The program includes critical topics relevant to the superintendency such as communications; change, systems and planning; governance; financial leadership; human resources; instructional leadership; diversity and equity, and the search and interview process. Courses are taught by LEAF's cadre of highly experienced faculty, most of whom are, or have been, superintendents themselves.

If you are an educational leader with a strong interest in pursuing a superintendency in New York State, we encourage you to apply.

APPLICATION PROCESS

Please carefully review the following criteria and program requirements.

Selection Criteria

The Future Superintendents Academy is a highly selective program. Candidates must meet the following criteria:

1. All candidates must possess an advanced degree (master's, Ph.D., Ed.D.).
2. Candidates must be working toward, possess or be eligible for certification as superintendent of schools (i.e., SDL).
3. Candidates must demonstrate a strong track record of leadership (i.e., currently working in high-level administration roles such as director, principal, assistant superintendent).

Selection Process

In addition to meeting qualification requirements, candidates must complete the entire online application to be considered for the program. All applications and supporting documents will be reviewed. **Only fully completed applications will be considered.**
